I've been in training all day, sorry I didn't respond sooner. I realize the flyer is currently front and back, but the most important information is now on the back of the flyer. Since it will be hung up in community centers, schools, and tribal offices I don't see anyone flipping over the page to read more about it, I suggest that the flyer be one sided, perhaps 11 x 17 or 8 1/2 x 14. I attached a version with my suggested changes.

Thanks to Wendy Dew for pulling this together for us.

We just need the public comment end date and then it's ready to go unless you have more comments.
